## Rose Training Australia Pre-paid fees statement:

ASQA's [User's Guide to the Standards 2015](#) (Standards) provides the following definition for prepaid fees:

*'Prepaid fees' (sometimes referred to as 'fees collected in advance') means fees that are collected before the relevant services have been provided. These include payments made at any time before, during or after the student enrolls. Any payment received before a service is delivered is unearned revenue and is a liability that must be paid back, either through service delivery or as a refund.*

[Standards for Registered Training Organisations \(RTOs\) 2015](#) (Clause 7.3).

*7.3 Where the RTO requires, either directly or through a third party, a prospective or current learner to prepay fees in excess of a total of \$1500 (being the threshold prepaid fee amount), the RTO must meet the requirements set out in the Requirements for Fee Protection in Schedule 6.*

*We accept the commercial definition of pre-paid as being payment for services not yet received. Recruitment and enrolment are part of services already received and upon payment of fees students are given full access to all course material. With these considerations Rose Training Australia has calculated that at no time has the student pre-paid more than the allowable limit.*
